### **Our Business**

Imagine Videos, LLC. is a unique marketing and consulting company committed to serving our community. We provide marketing and promotional services. Non Profit Organizations (NPOs) are our primary clients. We assess our clients' needs and use our knowledge and technical resources to assist them in reaching their communication goals.

Imagine Videos is dedicated to bringing communities together through the use of strong communication. Second only to face to face contact, good video production is a powerful way to communicate. Imagine Videos is a full service walk-in video production studio designed with the community in mind. Our locations are strategically located to be accessible to neighborhood residents.

### **Our Services**

We provide several professional services including; **Electronic Press Kits (EPKs), Promotional Videos, Training Videos, Internet Television, Event Coverage, Professional Editing, Image Branding, Green Screen Video Production, and Media Transfer Services.**

### **About The Founder**

Harlan B. Hodge holds a MSW (Master of Social Worker Degree) with nearly 20 years of professional experience working with communities and non-profits. He has helped individuals and groups enhance their lives through social and economic development.

Give us a call or just stop by. We would love to see you.
